As part of the new contract with Capita, resulting from the Best Value Review, it may be possible to negotiate a preferential pricing structure, such as a 'freeze' on the annual licence and maintenance charges levied by Capita for a 3 year period. This will only be possible if a sufficient number of schools are prepared to commit to using SIMS until end March 2010.

4. My school is prepared to continue using SIMS until end March 2010		
Capita Lesson Monitor		
In addition to this we may be able to negotiate a reduction in the licence cost of Lesson Monitor, again this will be dependent upon the number of schools that are willing to commit to purchasing the Lesson Monitor licence.
