

Providing for the most able pupils in Science:

KS1: Thursday 21st September 2006 06SCI/003P

KS2: Tuesday 26th September 2006 06SCI/004P
09:30am – 3:00pm

Tutors:

Pat Palmer, Freelance Primary Science Consultant

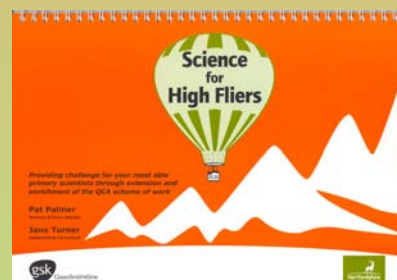

Jane Turner, Deputy Director, Science Learning Centre East of England

Course Details:

- ★ Who are your most able science students? ★ How do you recognise them?
- ★ More important, how do you meet their needs?

This course will address these issues.

By attending you will receive a FREE copy of the 'Science for High Fliers' publication written by Pat and Jane, along with a host of ideas and practical strategies to improve your science teaching for highly able science students from Pat and Jane.

The outcomes listed below will be achieved through a range of practical activities and group discussions.

It would be helpful if participants bring examples of work from their most able pupils.

Outcomes:

By the end of the course participants will have:

- ★ Ways of identifying the most able scientists in a class
- ★ Increased understanding of the needs of their most able pupils
- ★ Strategies and materials to help meet these needs

The cost of attending either of these courses is £122 (£138, £162).

To book your place please apply online at www.thegrid.org.uk/info/training using course code 06SCI/003P for KS1 on 21st September and 06SCI/004P for KS2 on 26th September and receive a £5.00 discount for online booking.

Book your place now to avoid disappointment!
