

IF YOU WERE AN ENGINEER – WHAT WOULD YOU DO?™

The Secondary Engineer Leaders Award East England 2018 **REGISTER NOW!**

To answer the question “If you were an engineer, what would you do?” your students will need to interview engineers about what it means to be an engineer, find a problem, invent a solution, draw it, explain it and send it in. Include a letter to Engineers explaining what their invention is and who benefits from it and they could be a Trophy Winner!

Switchy Soul
Keigan Hill, S1 James Hamilton Academy
Overall Winner Award chosen by the RAF
Scottish Engineering Leaders Award 2017

If your school would like to be part of this extraordinary competition, please contact info@leadersaward.com for more information, go to www.leadersaward.com and sign-up to our newsletter, follow us on Twitter via @Leadersaward and use #LA2018 or do all three!

Deadline date for entries:
March 28th 2018

TELL US WHY YOU THINK ENGINEERS SHOULD BUILD YOUR DESIGN

The **LETTER** should tell us things like...

- ▶ What problem does the invention solve?
- ▶ Why do they think it is a problem?
- ▶ Who or what benefits from the invention?

It should also tell us a few things about themselves and the engineers they interviewed, in the framework of a one page letter.

These letters provide teachers with the opportunity to explore:

Primary Engineer & Secondary Engineer
Leaders Award - South of England 2017 trophies

- ▶ Creative and independent thought
- ▶ Factual subject knowledge
- ▶ Transcription
- ▶ Composition
- ▶ Writing for a purpose
- ▶ Writing for an audience
- ▶ Appropriate vocabulary

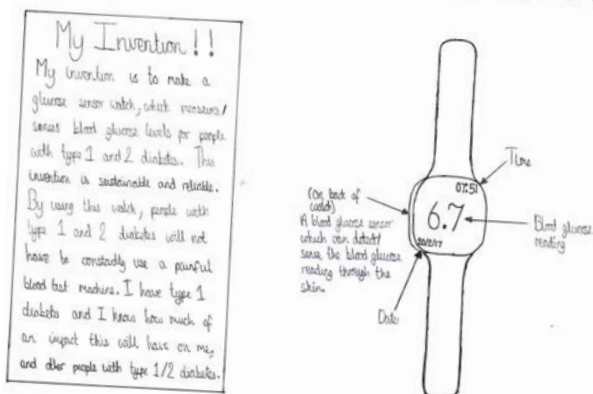

Deadline date for entries:
March 28th 2018
