achievingMaking a positive  
contributionEconomic  
wellbeing

### **Children’s Centres and Early Years Practitioners**

This highly practical course offers advice for planning and running successful Baby Rhyme Times.

Discover how sharing rhymes:

- benefits children and their carers
- supports language development and provides children with a firm foundation for literacy and numeracy
- encourages parents and carers to communicate with their babies and young children
- introduces new clients to your services

By attending the course participants will have:

- an increased understanding of the developmental benefits of rhymes for babies and young children
- develop rhyme sharing skills
- consider the practicalities of holding Baby Rhyme Times
- explore how Baby Rhyme Times can contribute to meeting core service requirements for children’s centres
