All Phases

The aim of the Control of Substances Hazardous to Health Regulations 2002 (COSHH) is to protect people (i.e. not only employees but also others who may be exposed) against health risks from hazardous substances. This half-day course is essential for all staff who are nominated to carry out COSHH assessments.

The aims of this course are:

- to provide a basic understanding of hazardous substances and the effects that they can have on human health
- to enable staff to carry out COSHH assessments as required by health and safety legislation.
